

Dementia Care

About Us

At Caring Focus, our Dementia Care provides compassionate, personalised support at home, helping maintain independence and dignity while adapting to changing needs.

What is Dementia Care ?

Dementia Care provides compassionate, personalised support at home, helping maintain independence, safety, and dignity.

Our Dementia Care Services include:

- **Specialist Support** – For Alzheimer's and other dementias.
- **Daily Care** – Personal care, routines, and medication reminders.
- **Cognitive Activities** – Memory and engagement exercises.
- **Safety & Home Guidance** – Dementia-friendly environment support.
- **Meals & Hydration** – Assistance with nutrition and fluids.
- **Emotional Support** – Companionship and reassurance.
- **Respite Care** – Support for family caregivers.

Why Families Trust Caring Focus:

- **Trained Carers** – Specialist dementia care skills.
- **Flexible Support** – From short visits to live-in care.
- **Personalised Plans** – Adapting to changing needs.
- **CQC Regulated** – Safe, high-quality care.
- **Well-being Focus** – Safety, comfort, and emotional support.

Getting Started is Simple:

- **Contact Us** – A friendly call or email starts the conversation.
- **Free Home Visit** – We assess the needs and environment.
- **Tailored Care Plan** – Customized for your loved one's stage.
- **Begin Care** – Regular, compassionate visits from consistent carers.

Let us help you live well at home — with dignity and comfort 033 0133 5061
