At Caring Focus, our Live-in Care service offers personalised, round-the-clock support, ensuring comfort, safety, and companionship at home while giving families peace of mind.

What is Live-In Care?

Live-in care provides a professional carer who stays in the home, offering constant support tailored to the individual's needs. This service is ideal for people who require assistance with personal care, mobility, medication, and daily activities while maintaining independence and comfort.

Our Live-In Care Services include:

- Personal Care & Hygiene – Assistance with bathing, dressing, grooming, and toileting.
- Medication Support – Reminders and safe administration as needed.
- Meal Preparation & Nutrition – Planning and preparing meals to meet dietary needs.
- Companionship & Emotional Support – Reducing isolation and promoting wellbeing.
- Household Assistance – Light cleaning, laundry, and maintaining a safe environment.
- Mobility & Exercise Support – Helping with movement, transfers, and safe mobility.

Why Families Trust Caring Focus:
